

Welcome to Kimage Hairdressing School!

About Us

Kimage Hairdressing School was established in 1996. For almost a decade now, our school has established a stellar reputation as the best place to learn the art of hairdressing. We offer a comprehensive range of training programs designed to give you all the experience and confidence you need to shine in your new career.

Our Achievements

To be a top training provider, we are fully committed towards the education process of all our students and in doing so we strive to achieve the highest quality standard in all aspects of our operations. We are proud to be one of the first hairdressing schools in Singapore to achieve the ISO 9001: 2000 quality certification for our programme management systems and services. Recently, Kimage has attained our Casetrust for Education mark issued by the Consumer Association of Singapore (CASE).

Kimage is an Approved Training Provider with the Singapore Institute of Technical Education – ITE and we conduct training as well for the local workforce under NTUC-SRP scheme and CDAC Skill Award Program. We are also the chosen school to collaborate with Singapore Anti-Narcotics Association (SANA) in training and nurturing young school dropouts to give them the necessary skills to succeed in their career future as hair stylists.

Kimage has been a regular sponsor of the annual Singapore's National Day Parade (NDP) and for the third consecutive year, our staff and students were invited to the parade venue to provide hair styling services to the NDP performers.

Our Commitment to Training and Service

As a renowned hairdressing school, we are fully committed to be the best training provider in the hairdressing industry both locally and regionally. Our mission is to inspire and motivate our students through innovative teaching methods and creativity, and to arm them with skills and attitudes that will enable them to be well sought after in this industry.

Our School Facilities

Our School is conveniently located in the heart of the city at Funan Digitalife Mall. We occupy a total floor area of approximately 10,000 square feet in the Mall.

Here trainees are mobilized in an exclusive training area and carefully guided to perform all the key skills in their respective programs. Administration and logistic support for the students are located at this level as well.

The school has complete facilities to cater to all trainees. We have a fully equipped Lecture Room with a demo platform and projection aids is used for theory instructions and demonstration. It has a seating capacity of 20 students. Apart from the Lecture Room, the training premise houses 2 other classrooms, each with a seating capacity of 20 pax and 3 practical areas with a total capacity of 60 pax.

Other facilities in the school include a Resource Room, which is equipped with 4 television sets and reference materials, such as books and video tapes for students to access. A student pantry is also set aside for students to have their meals, as well as their leisure chatting sessions.

Our Academic Expertise and Curriculum Advantage

At Kimage, we place a high priority on training, both comprehensively and professionally. Thus, we believe in deploying only full-time qualified staff for teaching purposes. To-date, we have at least 8 instructors/trainers supported by 6 administrative staff to guide our students. Our Student Teacher ratio is well below the industry standard at 1:12.

Our continual success as one of Singapore's top hairdressing school is greatly attributed to our very own structured training programs. These programs are designed with the aim of imparting key skills while incorporating seasonal fashion trends, thus staying relevant by aligning learned skills with current market needs.

Our focus on hands-on practical session with live models in a salon-school environment has gained us popularity in the hairdressing education arena. This method of practical instruction has further reinforced the employability of our graduates, gaining easy access into the hairdressing workforce.

Theory instructions are conducted side by side, to complement their technical skills and these lessons are conducted in the Lecture Room at the third level.

Our Services

As part of our total commitment to excellent service, we can assist you with the application/renewal of the Student Pass in accordance with the Immigration and Checkpoints Authority (ICA) rules and regulations. We also offer employment upon completion of your program with us, should there be vacancies in our salon outlets.

We have a comprehensive fee list, which will be fully made known to you at the point of registration. Students who are not clear with our fees are always welcome to contact our School Administrator. For more details on our programs and fees, please refer to www.kimage.com.sg/school/courses.

Every concern raised with us will be addressed as promptly as possible. It is our policy to acknowledge your concerns and feedback within 3 working days and to resolve any issue or problem within 14 working days. If we cannot resolve the issue or problem within the stipulated timeframe, we will advise you immediately and the on-going process will be explained to you.

Should you need to provide feedback or require assistance at anytime, please contact our office at 65-6837 2392 or our hotline at 65-6883 2700.

Most importantly, we at Kimage can assure you of achieving the industry competency level in hairdressing after the completion of your training with us.

We hope you will be able to pursue your hairdressing education with us and we will certainly be looking forward to welcoming you as a student of Kimage Hairdressing School

A handwritten signature in black ink that reads "Monica Tan". The signature is written in a cursive, slightly slanted style.
