

Welcome to Kimage Hairdressing School!

About Us

Kimage Hairdressing School was established in 1996. It was founded by Mrs. Nancy Tan, a renowned figure in the hairdressing industry with more than 40 years of experience

For more than a decade now, KIMAGE has built a reputation as the leader in the hairdressing education arena. We have evolved into a brand synonymous with quality education with a cutting edge.

Our school features modern, sleek interior design and equipment, comfortable classrooms with audio-visual equipment, and dedicated instructors with outstanding experience and a passion for teaching.

An education at KIMAGE feels more like working in a salon than taking classes in a school because of our focus on hand-on practice with live models. We are committed to preparing our students for successful careers in hairdressing. Upon graduation, our students leave the school ready to embark on a successful and exciting career in the vibrant hair industry.

KIMAGE graduates have impressive placement rates due to our high educational standards. Our students are consistently well-prepared for positions in the industry. This is the reason why our graduates regularly get employment offers from salons and quickly climb to leadership positions in the hairdressing industry.
